

The Bake Shop Floor Plan at P721K

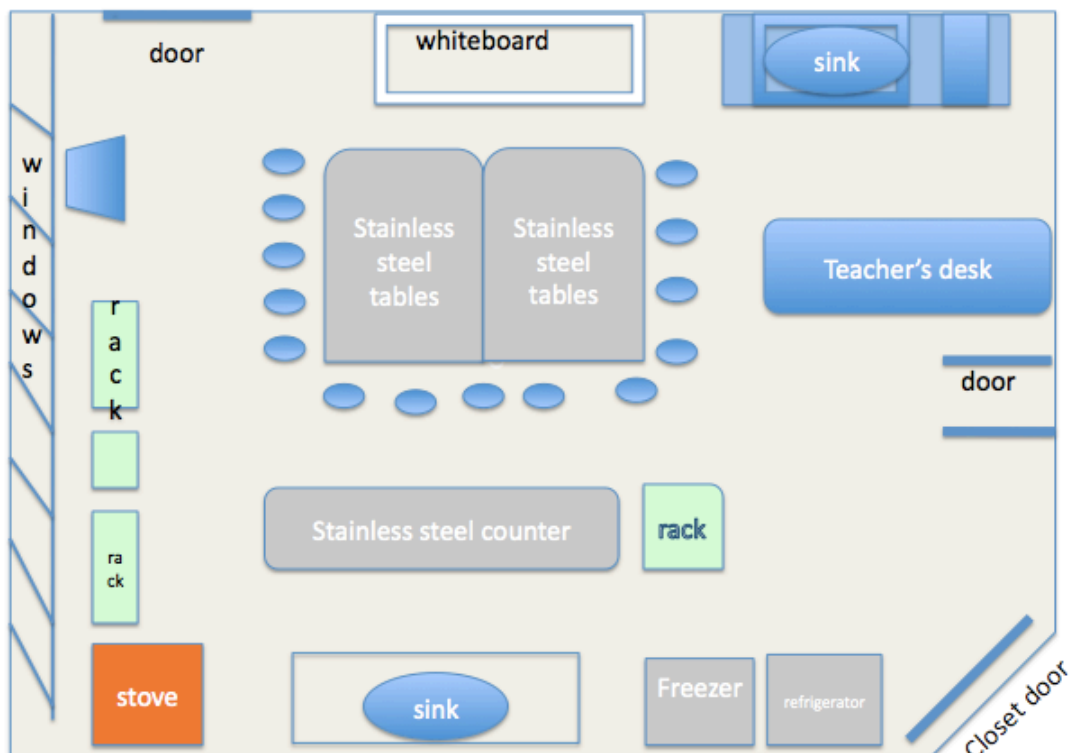

Our school's bake shop is equipped with state of the art equipment. We have the latest kitchen equipment to facilitate learning for all of our students.

In our shop you will find a professional 4 stove burner with a double oven, a subzero refrigerator and freezer along with 3 professional stainless steel working tables. You will also find two sinks. One sink is for hand washing and the other one is for dish washing.

We also have a computer, which the student's can access to find their favorite recipes.

Here is a model of our kitchen.

These are some of the equipment that we have at P721K:
